Pull-loop design is effortless to insert fingers for adjustment

Lumbar support

MEE07117 (Back height 11" / 28 cm)
MEE07118 (Back height 6" / 15cm)

SoftGuards Lumbar Support with elastic-plastic (PP) stays can effectively support and maintain lower back in right position. Comfortable and breathable materials reduce swelter while wearing. The pull-loop design is easy for user to insert fingers and adjust the tightness for secondary compression. There are 2 different heights (6"/11") for choice.

- 5 dorsal and both side 2 lateral elastic-plastic (PP) stays
- 2-stage compression design
- Pull-loop design for easy secondary compression
- Breathable materials with elastic straps

Size: S/M/L/XL/XXL

Guards Your Body Softly

Mesh Arm Sling

MFE06024

SoftGuards Mesh Arm Sling with adjustable strap is easy to adjust to proper length. Foam pad decreases pressure on shoulder while wearing. A large circle strap inside the Arm Sling keeps thumb in correct position. The anti-separation design avoids separation between the mesh pouch and the strap while adjusting.

- Ideal for protection & support of upper extremity
- Mesh pouch for ventilation
- Adjustable strap with foam pad for more fit & comfort
- Large circle strap for stabilizing arm
- Anti-separation design

Size: S/M/L/XL

Comfortable foam pad reduces the pressure on shoulder

Anti-separation design avoids mesh pouch drops while adjusting

Wrist / Palm Support

MLE09066 / MLE09065 - with Thumb Splint

SoftGuards Wrist/Palm Support with aluminum alloy stay provides proper support and fixation. Breathable and comfortable fabric reduces swelter while wearing. Hook-loop fastener is easy to adjust proper tightness. Plug-in splint is ideal for extra protection on injured thumb.

- Breathable fabric for more comfort
- Hook-side fastener for easy adjustment
- Aluminum alloy stays stabilize palm
- Suitable for both left & right hands
- Plug-in splint for extra thumb support (for MLE09065)

Size: Universal

Suitable for both left & right hands

Plug-in splint for extra thumb support (for MLE09065)

Knee Support

MRR12042

SoftGuards Knee Support with 3D tailoring and wrapping design becomes more ergonomic. The appropriate compression can protect muscles and prevent strains when doing physical activity. The breathable and comfortable fabric reduces swelter while wearing. 2 spiral stays for both lateral and medial to strengthen support.

- 3D tailoring design for better coverage & support
- Hook-side fastener for easy adjustment
- 2 spiral stays for both lateral & medial sides
- Suitable for both left & right knee
- Breathable & elastic materials

Size: Universal

3D tailoring design increases coverage & support

Fracture Walker Brace

MLE15000 (Height 10" / 25 cm)
MLE15001 (Height 14" / 36 cm)
MLE15002 (Height 17" / 43 cm)

SoftGuards Fracture Walker Brace with arc-sole can reduce the pressure while walking. Hook-loop fastener is easy to adjust the proper tightness and fix the brace firmly on leg and foot. Soft and comfortable fabric avoids the hard brace directly covered on skin for more comfort while wearing.

- Ideal for immobilization of foot & ankle
- Arc-sole is easier for walking
- Hook-loop fastener for easy adjustment
- Soft & comfortable inner
- Removable & replaceable liner for easily cleaning
- Removable liner

Size: S/M/L/XL

Cervical Collar Support

MSU01022

SoftGuards Cervical Collar Support is ideal for fixing cervical spine while slightly injured. Soft curved foam with cotton stockinette is for maximum comfort. Hook-loop fastener is easy to adjust proper tightness.

- Soft foam with curve design for ergonomics
- Cotton stockinette for more comfort
- Hook-loop fastener for easy adjustment

Size: XS/S/M/L/XL

Immobilized Wrist Splint

MNP09002 (Splint length 7" / 18 cm)
MNP09004 (Splint length 11" / 28 cm)

SoftGuards Immobilized Wrist Splint, with hard plastic (PC) splint for better stabilization and support, can replace plaster cast and be used while minor bone fractures or post-surgery. Two-piece design is easy to wear and remove. The comfortable foam liner is easy to remove for cleaning.

- 2-piece design for easy wearing & removing
- Hard plastic (PC) splint for better stabilization & support
- Wrap straps with hook-loop fastener for easy adjustment
- Soft liner for more comfort
- Available for left or right hand

Size: Universal

Ergonomic design to fit the shape of palm

Vented holes on hard shell increase ventilation

Ankle Support

MLE14003

SoftGuards Ankle Support with aluminum alloy stays on both sides to effectively immobilize and support ankle. Hook-loop fastener is for easy adjustment and effective fixation. Breathable and comfortable fabric is for less swelter. Integrally formed design avoids sewing thread from the sole of Ankle Support for more comfort while wearing.

- Aluminum alloy stays for stabilization and support
- Hook-loop fastener for easy adjustment
- Comfortable & breathable materials
- Integrally formed design for more comfort
- Suitable for both left & right ankle

Size: S/M/L/XL

Integrally formed design
